

Since 1978, the Ganaraska Region Conservation Authority (GRCA) has been providing unique outdoor education experiences in the heart of the Ganaraska Forest. Thousands of students from across Ontario visit the Ganaraska Forest Centre each year for a memorable residential stay or for an amazing day visit; choosing from a variety of educational, environmental and adventure-themed programs. Our classroom does not have four walls – it is the great outdoors. Students take back wonderful memories from their Ganaraska adventure and a greater interest in and sense of responsibility for our natural environment.

The multi-use Ganaraska Forest Centre houses the outdoor education programs that have educated school children for over 30 years, while being able to hold larger functions like weddings and smaller activities such as training retreats or public events. The Ganaraska Forest is a recreational playground that is supported by the GRCA and the many people that make use of such a magnificent landscape, and the Ganaraska Forest Centre is a large part of this. As little as \$5.00 will help us maintain and keep such a significant facility for many more years to come.
